INTRODUCTION

The National Council for Tertiary Education (NCTE) was established by ACT 454 (1993). The Act among other things enjoins the Council to advise the Minister of Education on the development of tertiary education institutions in Ghana; recommend national standards and norms including standards and norms on staff, costs, accommodation and time utilisation, for approval of the Minister of Education; to monitor the implementation of any approved national standards and norms by the institutions; and to publish information on tertiary education in Ghana.

In an effort to make adequate and reliable data and information available for research, policy formulation and planning for tertiary education in Ghana, the NCTE collects, collates, analyses, and reports on data from all accredited Tertiary Education Institutions (TEIs) in Ghana.

This Summary of Basic Statistics focuses on the Private Colleges of Education for the 2016/2017 academic year and contains the analyses of raw data collected from the institutions as well as indicators computed for tertiary education in Ghana.

The report covers accredited Private Colleges of Education as at January, 2017. Out of five (5) accredited Private Colleges of Education only three (3) of them responded to the request and are presented in the report. The report presents data on each institution in two (2) sections, i.e. Student and Staff.

The following Private Colleges of Education are covered in the report:

1. Cambridge College of Education
2. Christ the Teacher College of Education
3. Jackson Education Complex

SUMMARY: PRIVATE COLLEGES OF EDUCATION

STUDENT ENROLMENT								
Enrolment by Gender				Graduate Output
