INTRODUCTION

The National Council for Tertiary Education (NCTE) was established by ACT 454 (1993). The Act among other things enjoins the Council to advise the Minister of Education on the development of tertiary education institutions in Ghana; recommend national standards and norms including standards and norms on staff, costs, accommodation and time utilisation, for approval of the Minister of Education; to monitor the implementation of any approved national standards and norms by the institutions; and to publish information on tertiary education in Ghana.

In an effort to make adequate and reliable data and information available for research, policy formulation and planning for tertiary education in Ghana, the NCTE collects, collates, analyses, and reports on data from all accredited Tertiary Education Institutions (TEIs) in Ghana.

This Summary of Basic Statistics focuses on Private Colleges of Education for the 2015/2016 academic year and contains the analyses of raw data collected from the institutions as well as indicators computed for tertiary education in Ghana.

The report covers all accredited Private Colleges of Education as at January, 2016 and the report presents data on each institution in two (2) sections, i.e. Student and Staff.

The following Private Colleges of Education are covered in the report:

1. Cambridge College of Education
2. Holy Spirit College of Education
3. Jackson Educational Complex College of Education
4. McCoy College of Education
5. Methodist College of Education
6. Seventh Day Adventist College of Education, Agona-Kumasi
